

Alaska Family Resource Center WIC Program

The Alaska Family Resource Center WIC program serves families in the Matanuska Susitna Borough. AFRC serves a large geographical area including Big Lake, Willow Talkeetna, Trapper Creek, Wasilla, Palmer, and Sutton. AFRC has supported WIC in the Matanuska-Susitna Valley since 1983. The Alaska Family Resource Center mission, "advocates for healthier families," confirms our commitment to serving WIC eligible families in the Mat-Su valley. Along with WIC, AFRC also supports, ChildCare Assistance, Children's Services, ChildCare Food Program, Family Support and many others.

AFRC WIC serves a large Russian population. Dasha Brown, one of our recent CPA graduates and a Russian native works closely with many Russian families. Dasha also translates nutrition education materials and education displays. Serving a rapidly growing population and reaching eligible families in the outlying areas promises to be the greatest challenges facing WIC in the Mat-Su Valley.
